PROFILE SUMMARY

Dynamic Software Engineer with a strong foundation in software development and a passion for creating innovative solutions. Skilled in **ASP.NET**, **JavaScript**, and modern web technologies. Known for delivering high-quality, maintainable code in collaborative environments. Eager to drive impactful projects and contribute to a forward-thinking team.

WORK EXPERIENCE

GDSC EELU-Bani Suief – HR Coordinator

February 2024 – September 2024

- Organized and managed groups of participants for various events and programs.
- Played a key role in coordinating the **Mena TechSkills Initiative** by **Google**, providing **AI** and **Cloud** courses to students.
- Created and managed **WhatsApp groups** to handle student queries, ensuring smooth communication and a positive learning experience.
- Collaborated with team members to ensure efficient event execution and course facilitation, supporting hundreds of students.

Digital Egypt Pioneers Initiative (DEPI) – Web Development Intern

April 2024 – October 2024

- Participated in a government-sponsored initiative to advance web development skills.
- Gained hands-on experience building web applications using **ASP.NET Core Web API**, **ASP.NET MVC**, and **SQL Server**.
- Contributed to the development of a **Real Estate application** as a graduation project, focusing on **database design**, **backend logic**, and **API development**.
- Worked with a team to implement modern web development practices, delivering functional and scalable applications.

ECIT – Software Engineer

August 2024 – Present

EDUCATION

Bani Suief National University

Bachelor of Science in Computer Science

2022 – Present

SKILLS

- **Programming Languages:** JavaScript, TypeScript, C#
 - **Frameworks and Libraries:** ASP.NET Core, React
 - **Web Technologies:** HTML5, CSS3, Bootstrap, SASS
 - **Tools:** Git, GitHub, Jest
 - **Code Editors:** VS Code, Visual Studio
 - **Programming Concepts:** OOP, Data Structures, Algorithms, Databases (MongoDB, SQL Server)
 - **Programming Principles:** SOLID, Design Patterns, Clean Code, Problem Solving
 - **Soft Skills:** Problem-solving, Teamwork, Self-Motivation, Time Management
-

PROJECTS

1. Recipe Application

- **Backend Technologies:** ASP .NET Core Web API, SQL Server
- **Frontend Technologies:** Flutter
- **Description:** Developed a full-stack application for managing recipes with user authentication and CRUD operations.
- **Role:** Backend Engineer
- **GitHub Repo:** <https://github.com/mazenabdelgawad700/CookItEatIt>

2. School Management Application

- **Backend Technologies:** ASP .NET Core Web API, SQL Server
- **Description:** Developed a backend application for Managing school with user authentication and CRUD operations.
- **Role:** Backend Engineer
- **GitHub Repo:** <https://github.com/mazenabdelgawad700/SchoolProject>

3. Ecommerce Application

- **Backend Technologies:** ASP .NET Core Web API, SQL Server
- **Description:** Developed a backend application for buying and selling products with user authentication and CRUD operations.
- **Role:** Backend Engineer
- **GitHub Repo:** <https://github.com/mazenabdelgawad700/EcommerceSystem>
