## PROFILE SUMMARY

Dynamic Software Engineer with a strong foundation in software development and a passion for creating innovative solutions. Skilled in **ASP.NET**, **JavaScript**, and modern web technologies. Known for delivering high-quality, maintainable code in collaborative environments. Eager to drive impactful projects and contribute to a forward-thinking team.

---

## WORK EXPERIENCE

**GDSC EELU-Bani Suief** – *HR Coordinator*
*February 2024 – September2024*

- Organized and managed groups of participants for various events and programs.
- Played a key role in coordinating the **Mena TechSkills Initiative** by **Google**, providing **AI** and **Cloud** courses to students.
- Created and managed **WhatsApp groups** to handle student queries, ensuring smooth communication and a positive learning experience.
- Collaborated with team members to ensure efficient event execution and course facilitation, supporting hundreds of students.

**Digital Egypt Pioneers Initiative (DEPI)** – *Web Development Intern*
*April 2024 – October 2024*

- Participated in a government-sponsored initiative to advance web development skills.
- Gained hands-on experience building web applications using **ASP.NET Core Web API**, **ASP.NET MVC**, and **SQL Server**.
- Contributed to the development of a **Real Estate application** as a graduation project, focusing on **database design**, **backend logic**, and **API development**.
- Worked with a team to implement modern web development practices, delivering functional and scalable applications.

**ECIT** – *Software Engineer*
*August 2024 – Present*

---

## EDUCATION

**Bani Suief National University**
*Bachelor of Science in Computer Science*
*2022 – Present*

---

# SKILLS

- **Programming Languages:** JavaScript, TypeScript, C#
- **Frameworks and Libraries:** ASP.NET Core, ASP.NET MVC, React
- **Web Technologies:** HTML5, CSS3, Bootstrap, SASS
- **Tools:** Git, GitHub, Jest
- **Code Editors:** VS Code, Visual Studio
- **Programming Concepts:** OOP, Data Structures, Algorithms, Databases (MongoDB, SQL Server)
- **Programming Principles:** SOLID, Design Patterns, Clean Code, Problem Solving
- **Soft Skills:** Problem-solving, Teamwork, Self-Motivation, Time Management

---

# PROJECTS

1. ## Recipe Application

   - **Backend Technologies:** ASP .NET Core Web API, SQL Server
   - **Frontend Technologies:** Flutter
   - **Description:** Developed a full-stack application for managing recipes with user authentication and CRUD operations.
   - **Role:** Backend Engineer
   - **GitHub Repo:** https://github.com/mazenabdelgawad700/CookItEatIt

2. ## School Management Application

   - **Backend Technologies:** ASP .NET Core Web API, SQL Server
   - **Description:** Developed a backend application for Managing school with user authentication and CRUD operations.
   - **Role:** Backend Engineer
   - **GitHub Repo:** https://github.com/mazenabdelgawad700/SchoolProject
